CarePartners of Connecticut HMO Plans Provider Directory

This directory is current as of the date in the footer located at the bottom of each page.

To access CarePartners of Connecticut's online Provider Directory, you can visit **www.carepartnersct.com**. For any questions about the information contained in this directory, please call our Customer Service department at 1-888-341-1507, 8:00 a.m. – 8:00 p.m., 7 days a week from October 1 to March 31 and Monday-Friday from April 1 to September 30. Section 1—Introduction

This directory provides a list of CarePartners of Connecticut HMO's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

You will have to choose one of our network providers listed in this directory to be your primary care provider (PCP). Generally, you must get your health care services from your PCP. Your PCP is a physician, nurse practitioner, or physician's assistant who meets state requirements and is trained to give you general medical care. You will usually see your PCP for most of your health care needs. Your PCP will provide most of your care and will help arrange or coordinate the rest of the covered services you get as a plan member.

The network providers listed in this directory have agreed to provide you with your health care, vision, and pharmacy services. You may go to any of our network providers listed in this directory; however, some services may require a referral.

If you receive a bill from a non-contracting provider for a service that you received while following plan rules and which you believe should be covered by the plan, do not pay the bill. Send the bill directly to CarePartners of Connecticut for processing and determination of your liability, if any.

A “medical emergency” is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse. If you have a medical emergency:

- Get help as quickly as possible. Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP.
- As soon as possible, make sure that our plan has been told about your

emergency. We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. The phone number to call our plan is on the back of your membership card.

- You can be outside our service area for up to 6 consecutive months and still be covered for emergency and urgently needed care.

You must use network providers except in emergency or urgent care situations, or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor CarePartners of Connecticut will be responsible for the costs.

What is the service area for CarePartners of Connecticut?

The counties in our service area are listed below.

How do you find CarePartners of Connecticut providers that serve your area?

- Hospitals
- Skilled Nursing Facilities
- Outpatient Mental Health Providers

Inpatient Mental Health Facilities

If you have questions about CarePartners of Connecticut, or require assistance in selecting a PCP, please call our Customer Service department at 1-888-341-1507, 8:00 a.m. – 8:00 p.m., 7 days a week from October 1 to March 31 and Monday-Friday from April 1 to September 30. TTY users should call 711. You can also visit **www.carepartnersct.com**.

Network pharmacies

This booklet provides a list of CarePartners of Connecticut's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and CarePartners of Connecticut's formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under CarePartners of Connecticut only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of the date in the footer located at the bottom of each page. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost sharing. We have marked these pharmacies with “PRF” to distinguish them from other pharmacies in our network that offer standard cost sharing.

You can get prescription drugs shipped to your home through our network mail order delivery program.

For more information, please contact us or see the mail order section of this directory. If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.
